Press Release: **Oasis Funds Registered in Singapore**
E-Mail: info@oasiscrest.com
Tel: (021) 413 7860
Date: Monday, 7 April 2008

The global presence of Oasis has been strengthened since Oasis Crescent Global Investment Fund (plc) and Oasis Global Investment Fund (plc) and their respective sub-funds were registered by the Monetary Authority in Singapore on the 7th of April 2008. These funds, listed on the Irish Stock Exchange and managed under the auspices of Oasis Global Management Company (Ireland) Ltd, will be available to institutional investors.

The availability of these funds in Singapore is part of the Oasis Group's expansion into multiple jurisdictions across the globe. The Oasis stable of funds is inclusive of a Shari'ah compliant range which caters for ethical and religiously astute investors; and an extensive conventional product offering for the discerning and socially responsible investor who seeks greater exposure for their investment.

The Oasis Group is built on a philosophy of offering its clients superior performance at lower than market risk. The implementation of this investment philosophy results in the application of a low volatility approach that makes use of proven stock and instrument selection skills to successfully minimise the inclusion of securities that erode investor capital. The acclaimed Oasis investment philosophy is applied to the management of the assets in each of the product ranges and result in the investment funds being both highly efficient and extremely flexible.

Providing consistent returns through all market phases have ensured that the Oasis range of funds has continued to amass accolades over the years. The Oasis Crescent Global Equity Fund, a sub-fund of Oasis Crescent Global Investment Fund (plc), has for the third consecutive year been rated as the Best Global Equity Fund by Failaka Advisors who recognise excellence in worldwide Islamic investment and money management.

The Oasis Group's expansion began as a South African based endeavour over ten years ago and has extended into Ireland, Dubai and Malaysia. Indeed, institutional investors in Singapore can also look forward to the exceptional investment management style of Oasis.

For more information on the Oasis Group, please contact our offices by any of the above mentioned means.

Kind regards
The Oasis Team
